**INFORMATION DISCLOSURE STATEMENT**

Sir:

This is an Information Disclosure Statement filed in accordance with 37 CFR 1.98.

Attached is a Form PTO/SB/08 identifying each of the nine (9) references cited in the International Search Report issued by the European Patent Office in connection with the above-identified International Application. As can be seen from the enclosed English-language copy of that Search Report, the first two references, i.e., US 4,227,553 and US 4,091,844, are indicated as being in Category X with regard to claims 1-5 and 11 and claims 10 and 12, respectively, while references US 4,227,553, US 4,342,339 and DE 30 21 163 are indicated as being in Category Y with regard to claims 1, 2, claim 10 and claim 12, respectively. references are indicated as being in Category A, i.e., defining the general state of the art but not of particular relevance.

It is further noted from the attachment to the International Search Report that identified German-language reference WO 9726396 corresponds to US 6,009,918, which is likewise identified in the attached Form PTO/SB/08.

No copy of any of the identified references is enclosed, since copies are presumed to already be in the file due to having been forwarded by the European Patent Office as a result of an existing treaty, and/or to be U.S. patent references for which no copies are required. However, if no such copies of the references are in the file and/or a copy of one or more of these references is desired, please request a copy of the desired reference from undersigned counsel and it will be supplied.

The attached Form PTO/SB/08 also identifies two references cited and discussed in the present application on pages 1 and 2. Copies of these two references are attached. Cited German reference G 94 13 705 corresponds to US 5,816,294, and cited German reference DE 199 62 977 corresponds to US 6,789,580 B1, which are likewise identified in the attached Form PTO/SB/08.

Since all requirements for the filing of Information Disclosure Statements have been complied with, it is requested that the Examiner consider all of the identified references and indicate such consideration by enclosing a properly initialed copy of the enclosed Form PTO/SB/08 with the initial Office Action.

Respectfully submitted,
